

Invention, Transfer, and Reception: the Making of the European Reformation(s)

A Methodological Survey of Reformation Historiography
Budapest, June 4, 2019

Problems with the “Slovak Reformation”

I. The process of adopting the ideas of the Reformation

- language question

II. Diversities in language and history

-Thobias Masnicius(1670-1697)

-Daniel Krman jr.(1663-1740)

-Bohuslav Tablic (1769-1832): „Slovaks = true protectors of Reformation in Hungary“, argument repeated in discussion concerning Union (J.M.Hurb

III. Historiography

Modern / current historiography

- studies on actors of Reformation (Stoer)
- secular historiography – development of literature (dominant in research)
- Reformation as a part of national narrative concept still present
- effects of Reformation studied - but few from perspective of new concepts
- research concerning the theology almost completely missing

Anton Baník
